Description and Purpose:

The fab technologies for the OPNs in this Product Discontinuance Notice (PDN) exist in alternate onsemi manufacturing sites. If the customer prefers to qualify a new fab site rather than taking a last time buy or using the suggested replacement part, where applicable, please discuss with your onsemi sales representative prior to September 30, 2025.

onsemi intends to continue to meet its contractual obligations such as Long-Term Sales Agreements if applicable to the products listed in this PDN. Please contact your local sales team to discuss the details of the last-time-buy request.

Some of the devices contained in this notice may be part of a product portfolio renewal process or a manufacturing facility closure. onsemi continually monitors worldwide sales and billings activities on all the products offered to its customers. The activity for the products on the attached device list has declined to a level that warrants the discontinuance of these products, or the manufacturing facility has been announced for a closure. Some devices may have an alternate standard device or a suggested replacement as an alternative solution.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
